Re: Transition Report for Implementation of the 911 Abbreviated Dialing Code
Pursuant to the Wireless Communication and Public Safety Act of 1999, CC
Docket No. 92-105, WT Docket No. 00-110

Dear Mr. Sugrue and Ms. Attwood:

Verizon Wireless hereby submits its report documenting its capability to handle 911-dialled emergency calls, as required by the Commission's Fifth Report and Order.

For each of the geographic areas identified by NENA and listed in Appendix D to the Commission's Fifth Report and Order, this report identifies those areas served by Verizon Wireless. In each of those areas, Verizon Wireless has identified the point to which 911 calls must be delivered. Verizon Wireless has completed all the necessary translations to provide 911 call routing to designated PSAPs (and other emergency service providers).

Please contact the undersigned with any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Francis Malnati, Jr.", written in a cursive style.

Francis Malnati, Jr.
